

# LA HABRA BOULEVARD SPECIFIC PLAN UPDATE

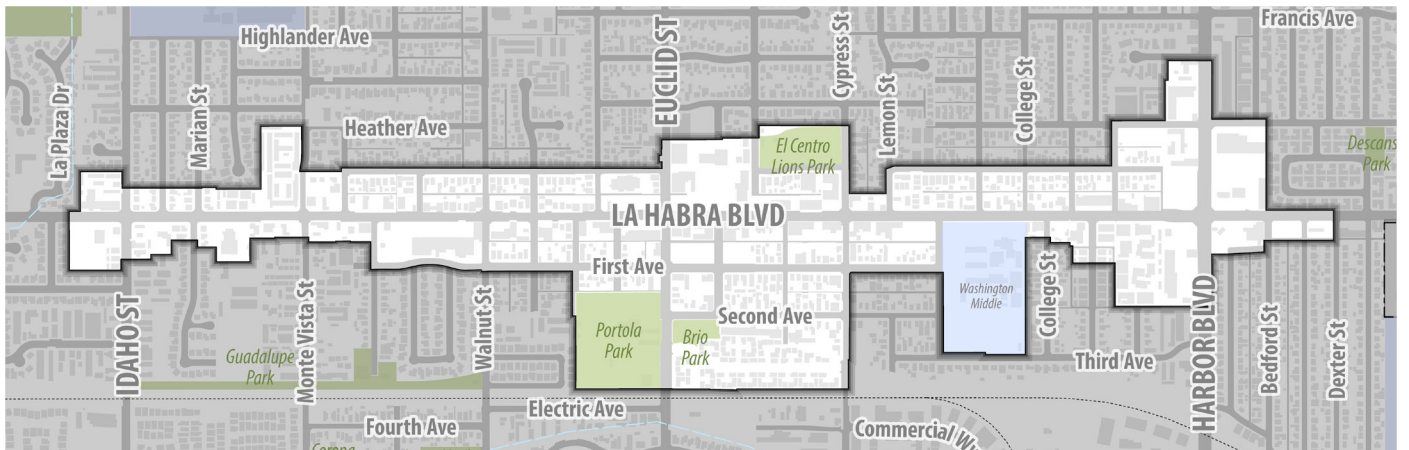

The **La Habra Boulevard Specific Plan Update** will guide future public and private investment along the La Habra Boulevard corridor. Through strategic and action-oriented efforts, La Habra Boulevard has the potential to become a destination with a vibrant downtown core reflecting the community it serves.

The updated Specific Plan will build on earlier planning efforts. It will reflect the community's vision for the City's central business district, a place for new and existing businesses to flourish supported by new housing, shopping opportunities, and entertainment uses.

The **Specific Plan Goals** include:

- Create a vibrant and walkable downtown core with an active landscaped street frontage.
- Stimulate economic activity by incentivizing development at opportunity sites and supporting existing businesses and established neighborhoods.
- Improve mobility and access along the corridor for all modes of travel with areas that encourage gathering spaces in a walkable environment.
